AN: To any reviewers who write one or two or three word reviews, "Er" and "Um . . . no offense" aren't all that helpful to me. Ever heard of constructive criticism? And if you write, "I really didn't want to read some of that," tell me what you didn't want to read! I am one of those authors who will tell you why I give a story a certain rating. If it's something that's gonna offend you, don't read it. K? ^_* No hard feelings!
>
Disclaimer: The song, "Say My Name" belongs to Destiny's Child. The Animorphs and the Yeerks belong to K. A. Applegate.

>
Chorus:
>
Say my name, say my name
>
When no Yeerks are around you, say "Marco, my baby," if you still love me
>
Say my name, say my name
>
You're controlled by Visser One, but try to stop her, please if you love me
>
Say my name, say my name
>
When no Yeerks are around you, say "Marco, my baby," if you still love me
>
Say my name, say my name
>
You're controlled by Visser One, but try to stop her, I'm still your baby
>
A long time ago, I would cry, you would say "Marco, baby" and stop my tears--but today?
>
Every other word is "Kill him" and "Obey", but I know you are inside there, it's OK
>
Do you still feel sad when you think of my name? Or am I the one who you always must blame?
>
It's really OK, cause the Yeerk has you claimed, she won't let you say, she won't let you say my name

>
I know that you're infested and you can't control what you do or say, she just plays your role
>
I'm not blamin' you for her cruelty, but inside of there, the real you must be
>
Wantin' to take back every word she says, if you weren't controlled, you would do no less
>
Am I wastin' time tryin' to set you free, if I do will you still love me-e-e?
>
Chorus
>
When you were first controlled, tell the truth, did you know what was in store for you when they put your head below
>
The water to infest you with our very foe? Were you a voluntary Controller? Yes or no?
>
Please tell me the truth now. If you don't, I might kill the Visser (even though you are there), with my free will
>
I can't tell them my last name or--you know the drill, but if I'm ever found, would the Visser keep you, still?
>
I know I'm offering my freedom for your life, but you were once my mother, and my father's wife
>
Dad was devastated when you dissapeared, and if you returned, he would be so cheered
>
And the loss of me wouldn't be so painful if he had you with him to make his life full
>
So, I'll ask you once again, will you be free if I give up my own life to make it be-e-e?
>
Repeat chorus

End
file.
